## LA GIROSCOPICA

The Giroscopica is the brand new testing machine conceived and designed by Centrotecnica. Thanks to an high precision torque motor it's able to test or calibrate units with embedded gyroscopes by providing a top level accuracy rate.

Accuracy of positioning:  $\pm 0.01^\circ$   
Repeatability:  $\pm 0.0017^\circ$   
Resolution:  $0.0005^\circ$

Demonstration video available:
