## QUALMARK OVTT™ 18

*OVTT is a compact omnidirectional vibration system, stand-alone; repetitive-shock vibration is its way of functioning.*

*Qualmark OVTT system utilizes a patented six-degree-of-freedom vibration technology.*

*With its table-top configuration it can be placed inside a thermal/humidity chamber for combined stress testing.*

*The test system is innovative because it allows to simulate conditions that exceed the usual operating ones.*
